PROPOSED*

NURTURE CONNECTIONS, EMBRACE LEARNING, EMPOWER YOURSELF

ABOUT THE SCHOOL

The Vishwakarma Purple Educational Trust is thrilled to announce the opening of its third school, a premium international school in Pune. Universal Wisdom School, Balewadi is a proposed IB Continuum and Cambridge School in Balewadi, Pune, offering IB* Continuum and Cambridge* programmes. It offers truly top-notch facilities and is proud to have a passionate and competent academic team. Our team comprises a healthy mix of expatriates and locals, bringing a true sense of international mindedness and multicultural perspectives.

OUR VISION

Universal Wisdom School Balewadi aims to be an Educational Centre of Excellence that prepares students for lifelong challenges and to become strong contributors in making the world a better place. We envision an Institution that strives to be a pioneer in Educational methodologies by incorporating cutting-edge technology and contemporary, impactful teaching/learning methods.

OUR MISSION

Our mission is to create abundant opportunities to help unfold each student's unique talents and enhance their potential for social, emotional, physical, and intellectual growth. We aim to develop in our students compassion and responsibility towards contributing to the global society as confident, balanced, and caring individuals. We are committed to creating an environment of harmony where all students feel safe, loved, respected, and accepted to facilitate intercultural understanding and celebrate differences as global citizens.

WHY CHOOSE INTERNATIONAL CURRICULA

BENEFITS

- | Holistic learning
- | International understanding
- | Increasing opportunities
- | Skill based learning

- | 10,000+ schools across 160 countries
- | 400+ schools in India
- | The University of Cambridge formed Cambridge Assessment over 150 years ago

ABOUT IB

- | 5,500+ schools across 159 countries
- | 185 schools in India
- | The International Baccalaureate Organization was founded in Switzerland in the year 1968

OUR MULTIPLE INTELLIGENCE TREE

UWS's 'Multiple Intelligence Tree', inspired by Howard Gardner, facilitates our mission to bring out the unique talent of each child. Each child has multiple intelligences, which will be honed along with his/ her intellectual capability.

The eight intelligences, viz.

- Naturalistic
- Linguistic
- Logical (Mathematical)
- Spatial
- Physical (Kinesthetic)
- Musical
- Inter-personal skills and
- Intra-personal skills

will lead to their holistic development.

UWS's vision, 'Nurturing Learners for Life', is depicted by the trunk and branches of our multiple intelligences and shows the path for learners and the support they will receive in becoming the best version of who they are.

Individualised Attention

"Children are not things to be moulded, but are people to be unfolded."

- Jess Lair

Each child is unique and deserves individual attention to be able to perform to the best of his/her potential. Committed to doing the same, we at Universal Wisdom School offer small class sizes and low student/teacher ratio. This helps in identifying the talents and strengths of each child and allows flexibility of student-paced learning.

Holistic learning

We believe in holistic learning as an approach that activates the learner's intellect, emotions, imagination and body for more effective and comprehensive learning. We are dedicated to providing the best learning atmosphere, resources and activities that are appropriate for the child to succeed in life.

Cutting edge learning facilities

A sprawling, well-ventilated campus and state-of-the-art classrooms with the latest teaching aids, tools and techniques provide an environment conducive to learning. High-end computer labs with laptops, smart class technology in each classroom, E-library with a plethora of resources make learning fun and innovative.

A Happy place

"Happy, calm children learn best"

- Daniel Goleman

We truly believe that creating an environment of harmony is a prerequisite for seamless learning. At Universal Wisdom School, we never underestimate the power of a few kind words, a caring touch and right motivation to make a difference and make children fall in love with learning.

Curriculum

Universal Wisdom School, Balewadi offers IB Continuum* and Cambridge* curricula. The curricula focusses on preparing students for life by helping them develop an informed curiosity and a lasting passion for learning. It aims to develop inquiring, knowledgeable and caring young people who help create a better and more peaceful world through education that builds inter-cultural understanding and respect.

PEDAGOGY

Inculcating love for learning

We aspire to make children learners for life, and it can only happen if they develop a love for learning at an early age. We help children discover their passions and interests and make learning fun by finding their own learning style.

Experiential & collaborative learning

The best way to learn is “learn by doing” and then reflect on the experience. We give ample opportunities for hands-on and project-based learning. These opportunities are given individually as well as in pairs/groups, so that students through collaboration learn skills like decision making, flexibility, teamwork and communication.

Inquiry-Based approach

We believe the world belongs to the curious. Teachers encourage the students to learn through exploration, inquiry and natural curiosity. They are productively engaged by making real-world connections through exploration and high-level questioning. It is an approach to learning that encourages students to practise problem-solving and reflection.

Global perspective & futuristic mindset

We recognise that it is crucial, as 21st-century learners, for students to have an awareness of local, national & global viewpoints and perspectives. We provide opportunities for developing open-minded learners who grow to respect different opinions, enabling them to develop a futuristic mindset, to live a purposeful life.

Salient Features of Universal Wisdom School Balewadi

Infrastructure

- Large, air-conditioned classrooms
- Smart-class technology in every class
- App-based School ERP
- EduplusNow Learning Management System for online education
- Highly equipped science labs
- Innovative Robotics and Lego Lab
- Computer lab with latest computers
